

HVAC/Plumbing Technician Assistant

At McMahon Plumbing and Heating, an HVAC and plumbing company, we are known for our outstanding service and reputation. With a steadfast dedication to customer satisfaction, our team values quality workmanship, reliability, and a positive working environment. We are currently looking for a dedicated individual to join our team as an **HVAC/Plumbing Technician Assistant**. As an HVAC/Plumbing Technician Assistant, you'll be a vital part of our close-knit group, contributing to our tradition of excellence and fostering a positive work environment, all while growing your skills and experience.

Responsibilities:

- **Support senior HVAC and plumbing technicians** in the installation, maintenance, and repair of heating, cooling, and plumbing systems.
- **Assist in troubleshooting HVAC and plumbing issues**, providing solutions under the guidance of experienced technicians.
- **Collaborate with the team to ensure timely completion of projects**, balancing technical expertise with a positive and supportive team environment.
- **Participate in the assembly and installation of HVAC and plumbing components**, including ductwork, pipes, and fixtures, with a focus on precision and quality.
- **Perform routine inspections and preventive maintenance tasks** on various systems, showcasing attention to detail and technical proficiency.
- **Oversee and organize the shop and warehouse**, ensuring a seamless flow of materials for ongoing projects within the close-knit atmosphere of our small family-owned company.
- **Maintain an organized inventory of tools and equipment**, emphasizing the importance of having the right resources readily available.
- **Follow safety protocols and guidelines** to ensure a secure work environment, prioritizing the well-being of our team members.
- **Provide excellent customer service**, reflecting the values of our family-owned business, and communicate effectively with clients when necessary.
- **Learn and apply** industry standards and best practices, contributing to both personal growth and the success of our collaborative team.
- **Additional Responsibilities:** Handle additional duties as needed, leveraging your background to contribute to the overall success of McMahon Plumbing and Heating.

Minimum Qualifications:

- High school diploma or equivalent.
- Basic knowledge of HVAC and plumbing systems, with a strong desire to expand technical skills.
- Strong work ethic and a commitment to learning and growing in the field.
- Physical fitness and the ability to lift heavy equipment.
