

COLOR WITH HENRY THE HEAT PUMP!

Heat pumps can heat your home in the winter and cool it in the summer. And they save energy while doing this! The more we heat and cool with heat pumps, the more energy we save and the happier Henry the Heat Pump is.

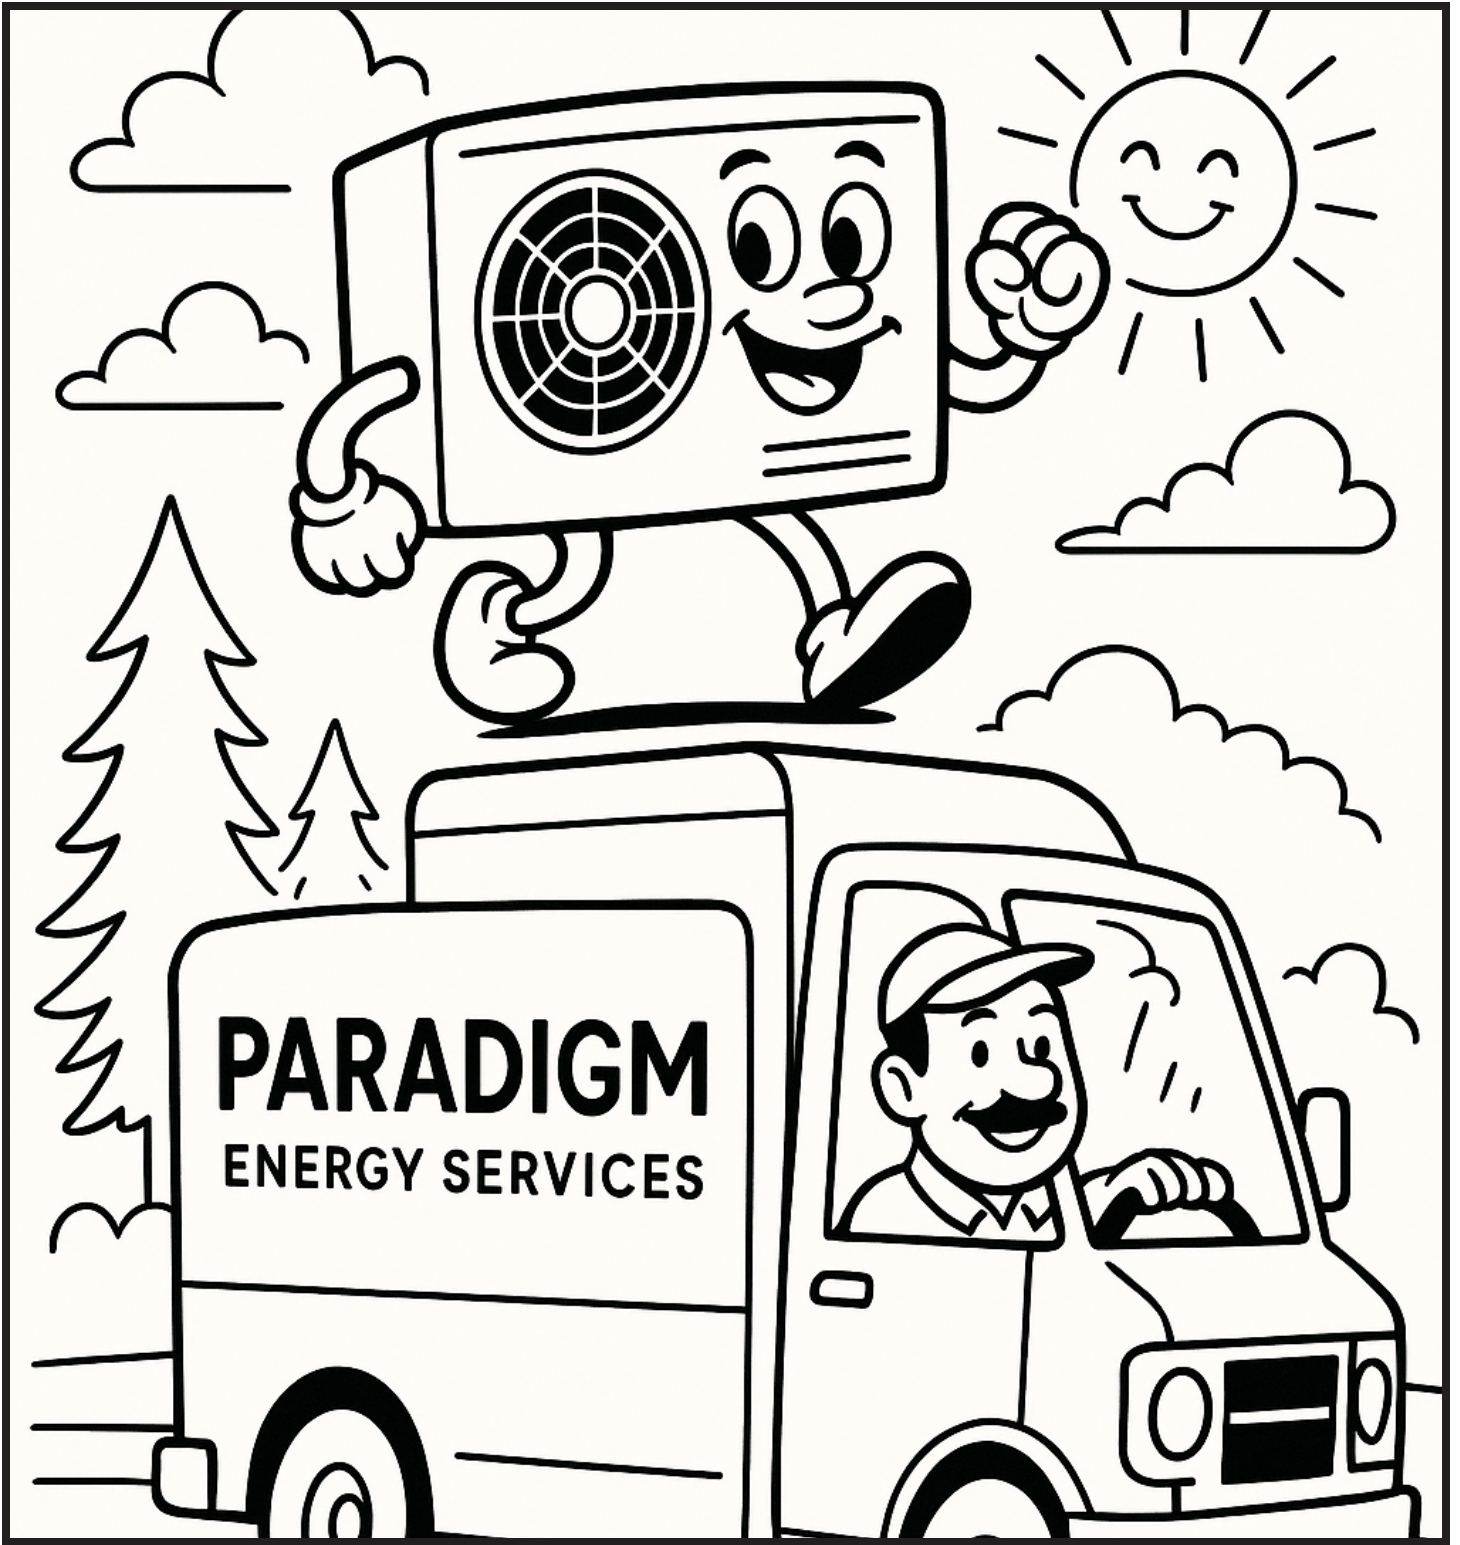

COLOR WITH HENRY THE HEAT PUMP!

Henry loves teaching kids about energy! Heat pumps use electricity to keep homes warm in winter and cool in summer. In Massachusetts, some of our electricity comes from solar power or wind power.

COLOR WITH HENRY THE HEAT PUMP!

Henry helps keep your home cool when it's hot outside! He moves heat out of your home in the summer, keeping it nice and comfy inside. And he uses less energy than an air conditioner!

COLOR WITH HENRY THE HEAT PUMP!

Your friends from Paradigm Energy Services are delivering Henry so he can help another family stay comfortable and save energy. Henry can't wait to get started!
